

Comment on the Draft Agreement

DotBZH is a proposed gTLD, intending to provide the Breton Cultural and Linguistic community a specific name space under the .bzh top level domain. The application of dotBZH will be posted by the French *Association www.bzh*, a non-for-profit organization, incorporated in Quimper, France, in July 2008.

Considering the public interest of Cultural & Linguistic TLD, we suggest that ICANN recognized this specific category of applicants and set a Registry Fixed Fee of US\$2,500 per calendar quarter for all Cultural & Linguistic TLDs.
