

Business Constituency Nominating Committee Election – 2014

Questions for Candidates:

1. Please explain in detail how you qualify for the category for which you are nominated.
2. How will you best ensure a global and diverse pool of candidates during your NomCom term?
3. Clearly the CEO/President is focuses on improving ICANN's standing in the larger Internet ecosystem. How do you see the larger Internet eco system challenges, and the role of the NomCom? To what extent should the NomCom include an awareness of these external challenges, versus focusing on ICANN internally?
4. What do you see as the important characteristics for Board and other leaders in key policy positions in GNSO council, ALAC, and ccNSO council and how do you think that the NomCom can contribute to finding highly qualified candidates for all positions?
5. Can you discuss whether you have a network of business and other contacts outside of your own region, and external to ICANN that can help to advance outreach and awareness of the ICANN leadership positions?
6. As ICANN expands its international reach, there is a commensurate need to expand its international leadership. How can the nominating committee play a role in this?
7. How many languages do you speak?
