RE: Proposal to Mitigate Name Collision Risks

Dear Mr. Namazi:

Members of the American Insurance Association (AIA) are investigating whether any DNS clash issue problems exist in their networks. Given that we are in the middle of the summer vacation season and these problems take considerable time to research, the current 21-day comment period provides insufficient time to research this issue. We support the current extension request of the Association of National Advertisers, and respectfully request that ICANN grant an extension of time to November 1<sup>st</sup> for initial comments with replies due on November 22<sup>nd</sup>.

Thank you for your consideration of these comments.

Respectfully,

A handwritten signature in cursive script that reads "Angela Gleason".

Angela Gleason  
Associate Counsel
