Dear ICANN Members,

The company CONREN Services is situated in London. We are in full support of the EOI because:

- The submission fee should be high to only encourage serious applicants.
- Every potential applicant must file an EOI. Only then everybody, including ICANN, will get a realistic picture.
- Only if ICANN does not go forward with the EOI funds should be repaid.
- All data to an applicant band string should be made public - this is important!

Please go forward with the EOI and accept EOIs as soon as possible. There is no need for delays.

I want to thank ICANN for the opportunity to comment on the EOI. This is very much appreciated.

Sincerely,

(Andreas Lesniewicz, Director)
