### Accomplishments this period

#### DSSA

Continued building/evaluating the threat-source threat-event tree for non-adversarial threats  
Repeated the evaluation of "likelihood" to reflect the corrected "relevance" (correcting Mikey's mistake)  
Reviewed and commented on the "confidential information" draft

#### DSSA Ops Group

Reviewed and distributed "handling confidential information" draft to the DSSA for review/approval  
Prepared for, and conducted, a "non-Mikey" meeting on Thursday -- yay yay ya Olivier!  
Reviewed NIST methods with an eye to narrowing the focus of the current all-group work  
Drafted an announcement to notify AC/SOs that we're using NIST as methods-baseline  
Prepared an Excel-table version of our results -- with an eye to the final report

### Plans for next period

#### DSSA

Continue building/evaluating the threat-source threat-event tree for non-adversarial threats

#### DSSA Ops group

Board committee -- review results from Patrick -- held over  
Take a look at splitting up the "scribing" work a bit so that others can take over if Mikey is disabled

in a cattle stampede

Review comments on "confidential information" draft -- perhaps initiate a consensus call
