

# Refine and consolidate

ID roles – gaps & overlaps

Public comment

Identify risk-scenario and skills needed for assessment

## Toronto

Discuss w/AC/SOs to promote enthusiasm and recruit new/targeted members

**DSSA**  
(focus/scope: ICANN the community)

Revise report and obtain AC/SO endorsement

Refine methods

Reconstitute the DSSA and validate the model by conducting risk assessment

Align/Integrate DNSRMF and DSSA findings/methods

## Joint effort

Develop risk-management framework

Complete framework

**DNSRMF study**  
(focus/scope: ICANN the org)
