Accomplishments this period

DSSA

Participated in a variety of SSR-related meetings at ICANN Costa Rica
Reviewed "go fast" vs "go deep" way-forward choice and arrived at "go fast, then go deep if AC/SOs agree"
Recruited new participants from GNSO, ccNSO, GAC, SSAC -- woohoo! New blood! (fresh meat?)

DSSA Ops Group

Delivered updates to our respective AC/SOs
Got some great feedback during our WG session
Began developing an approach to developing a phase-1 report for Prague

Plans for next period

DSSA

No meetings this week -- we'll resume in a week -- normal time and place
Review what we learned in CR and begin the dash to Prague

DSSA Ops group

I (Mikey) have about a week of "writing and reflection" time that I plan to devote to DSSA

I'm hoping to hack out some drafts of various sections of the report for people to start hammering on.

No meeting this week -- we'll resume in a week -- normal time and place

Review what we learned in CR and work on the approach/workplan for the dash to Prague

Issues and concerns
