Topic: New GNSO Stakeholder Groups – Petitions and Charters

Please accept the following comments in response to ICANN's announcement seeking comments on the topic of New GNSO Stakeholder Groups.¹

Go Daddy supports the submissions of the Commercial Stakeholder Group (CSG), Registry Stakeholder Group (RySG), and Registrar Stakeholder Group (RrSG). We thank each group for their work in developing these petitions and charters, and look forward to their participation in a restructured GNSO.

With regard to the two proposals for the Non-Commercial Stakeholder Group (NCSG), we support the submission of the members of the Non-Commercial Users Constituency (NCUC).² We believe that the proposed structure submitted by the NCUC will better address the variety of positions and interests represented by non-commercial individuals and organizations.

Sincerely,
GoDaddy.com, Inc.
