Dear ICANN Leadership:

Telenor is a leading international telecommunications operator with full or part ownership in GSM operations in 12 countries (Norway, Denmark, Sweden, Hungary, Russia, Ukraine, Austria, Montenegro, Thailand, Malaysia, Bangladesh and Pakistan). We represent around 35 million mobile end customers world-wide.

As a leading organization and representing our customers' interests we have been engaged with the mTLD initiative and reviewed the ICANN process to allocate a mobile Top Level Domain (TLD). Telenor offers its strong support for the allocation of the .mobile TLD and looks forward to working actively and as appropriate with the mTLD organization and its representatives/members/partners to achieve a mobile-specific domain name grant, available for use by all of our customers and to the benefit of the Internet and mobile industry.

Should you have any questions, please do not hesitate to call me directly.

Sincerely,

Arve Johansen
