Re.: Whois System

25. 10. 2007

T:\KORRESPONDENZ\WHOIS
.DOC KA/DM

Dear Sirs,

The Whois database is vital for effectively enforcing the interests and rights of consumers and business, in particular trademark owners. Accordingly the GNSO Council should adopt Motion 2 and reject Motions 1 and 3 at its meeting on October 31, 2007.

Sincerely,

Allard v. Kameke
German Patent and Trademark Attorney
