

Release of country and territory names within the .SOFTBANK, .ART and .CARAVAN top level domains

1. With regards to the proposed amendments to the .SOFTBANK, .ART and .CARAVAN Registry Agreements to allow the registration of country and territory names currently reserved under Section 4 of Specification 5 of the Registry Agreement, Malaysia is not agreeable to the use of its country and territory names for the above purpose unless and until the issuance of written approval obtained from the relevant authority that control, plan and administer the electronic addressing in Malaysia.
2. Malaysia is of the view that the current wordings in Section 4 of Specification 5 of the Registry Agreement should be maintained and the country and territory names should continue to be withheld from registration or allocated to Registry Operator at all levels.
