Type of Watch: Domain Name Watch

Database Watched: DOMAIN NAME

Mark Watched: OLYMPIC

This Domain Name Watch report covers data received by us through the following dates:

Domain Name records

APR 01, 2011

This report is the result of a computerized search of Thomson CompuMark's database of top-level domain names with the suffixes .com, .net, .org, .biz, .info, .aero, .cat, .coop, .mobi, .name, .pro, .travel and .us. Our database includes domain names from all ICANN-accredited registrars.

Please Note:

The Watch results included in this notice were selected from domain name registry files collected since the date of our last watch run. Occasionally, domain names we have reported are deleted or placed "on hold" and may no longer be retrieved by a later search. Additionally, due to privacy and other issues, domain name registrars are increasingly restricting access to "WHOIS" information, which may limit the amount of information we can provide on these notices.

If you need to verify the registration status of a domain name, please call us at 800-692-8833.

Period of Service: 03/01/2009 to 02/28/2010

We have taken all reasonable steps to ensure the completeness, accuracy and timeliness of this watch report. However, for various reasons, including the subjective nature of trademark watching, and the possibility of incomplete, inaccurate or late data provided by the various trademark offices and data suppliers, we cannot guarantee that this report is complete, error-free, or timely. AS A RESULT, WE DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Any liability arising out of this report is limited to a refund of the fee paid. Acceptance of this report constitutes an acceptance of the aforesaid terms, conditions and limitations. This report in no way constitutes a legal opinion.

Type of Watch: Domain Name Watch

Database Watched: DOMAIN NAME

Mark Watched: OLYMPIC

This Domain Name Watch report covers data received by us through the following dates:

Domain Name records

APR 08, 2011

This report is the result of a computerized search of Thomson CompuMark's database of top-level domain names with the suffixes .com, .net, .org, .biz, .info, .aero, .cat, .coop, .mobi, .name, .pro, .travel and .us. Our database includes domain names from all ICANN-accredited registrars.

Please Note:

The Watch results included in this notice were selected from domain name registry files collected since the date of our last watch run. Occasionally, domain names we have reported are deleted or placed "on hold" and may no longer be retrieved by a later search. Additionally, due to privacy and other issues, domain name registrars are increasingly restricting access to "WHOIS" information, which may limit the amount of information we can provide on these notices.

If you need to verify the registration status of a domain name, please call us at 800-692-8833.

Period of Service: 03/01/2009 to 02/28/2010

We have taken all reasonable steps to ensure the completeness, accuracy and timeliness of this watch report. However, for various reasons, including the subjective nature of trademark watching, and the possibility of incomplete, inaccurate or late data provided by the various trademark offices and data suppliers, we cannot guarantee that this report is complete, error-free, or timely. AS A RESULT, WE DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Any liability arising out of this report is limited to a refund of the fee paid. Acceptance of this report constitutes an acceptance of the aforesaid terms, conditions and limitations. This report in no way constitutes a legal opinion.

Domain Name records

APR 15, 2011

This report is the result of a computerized search of Thomson CompuMark's database of top-level domain names with the suffixes .com, .net, .org, .biz, .info, .aero, .cat, .coop, .mobi, .name, .pro, .travel and .us. Our database includes domain names from all ICANN-accredited registrars.

Please Note:

The Watch results included in this notice were selected from domain name registry files collected since the date of our last watch run. Occasionally, domain names we have reported are deleted or placed "on hold" and may no longer be retrieved by a later search. Additionally, due to privacy and other issues, domain name registrars are increasingly restricting access to "WHOIS" information, which may limit the amount of information we can provide on these notices.

If you need to verify the registration status of a domain name, please call us at 800-692-8833.

Period of Service: 03/01/2009 to 02/28/2010

We have taken all reasonable steps to ensure the completeness, accuracy and timeliness of this watch report. However, for various reasons, including the subjective nature of trademark watching, and the possibility of incomplete, inaccurate or late data provided by the various trademark offices and data suppliers, we cannot guarantee that this report is complete, error-free, or timely. **AS A RESULT, WE DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** Any liability arising out of this report is limited to a refund of the fee paid. Acceptance of this report constitutes an acceptance of the aforesaid terms, conditions and limitations. This report in no way constitutes a legal opinion.

Mark Watched: OLYMPIC

This Domain Name Watch report covers data received by us through the following dates:

Domain Name records

APR 22, 2011

This report is the result of a computerized search of Thomson CompuMark's database of top-level domain names with the suffixes .com, .net, .org, .biz, .info, .aero, .cat, .coop, .mobi, .name, .pro, .travel and .us. Our database includes domain names from all ICANN-accredited registrars.

Please Note:

The Watch results included in this notice were selected from domain name registry files collected since the date of our last watch run. Occasionally, domain names we have reported are deleted or placed "on hold" and may no longer be retrieved by a later search. Additionally, due to privacy and other issues, domain name registrars are increasingly restricting access to "WHOIS" information, which may limit the amount of information we can provide on these notices.

If you need to verify the registration status of a domain name, please call us at 800-692-8833.

Period of Service: 03/01/2009 to 02/28/2010

We have taken all reasonable steps to ensure the completeness, accuracy and timeliness of this watch report. However, for various reasons, including the subjective nature of trademark watching, and the possibility of incomplete, inaccurate or late data provided by the various trademark offices and data suppliers, we cannot guarantee that this report is complete, error-free, or timely. AS A RESULT, WE DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Any liability arising out of this report is limited to a refund of the fee paid. Acceptance of this report constitutes an acceptance of the aforesaid terms, conditions and limitations. This report in no way constitutes a legal opinion.
